**Agents set for maximum exposure
as PropertyIndex.com accelerates Partner Network**

PropertyIndex.com, the leading 'pay for results' portal, is rapidly expanding its network of partners to deliver the broadest possible online reach for agents. The latest partnership deal is with popular www.email4property.co.uk, enabling PropertyIndex.com to power all the site's UK property searches.

As part of this significant new partnership, PropertyIndex.com will display its UK property search box on 2,700 of email4property.co.uk's local estate agent directory sites, enabling users to actually search for properties as well as contact local agents.

PropertyIndex.com is currently working with over 100 marketing partners, including Nestoria, Upmystreet.com and Google, rapidly expanding the online visibility of all 250,000 properties currently listed on the site. The fruits of the partnership scheme can already be seen by a growing surge in referral traffic, helping PropertyIndex.com to power up the visitor traffic rankings produced by ComScore.

Chief Executive Lee Bramzell explains:

"Our strategy to implement a vast network of marketing partnerships with links to PropertyIndex.com, has been the driving force behind our rapid growth as a portal to be reckoned with. We aren't afraid of inviting our competitors or clients to share revenue by hosting links, white labeled sites and through XML partnerships, enabling them to benefit from the income generated from these leads.

"This is great news for agents, who simply want their properties to be seen by the greatest number of consumers possible. Our 'pay for results' system means agents do not pay for exposure - only results. They have nothing to lose by signing up to PropertyIndex.com and taking advantage of this vast online network."

Notes to Editors

Launched in 2006, PropertyIndex.com is the UK's leading *pay for results* global property portal.

The site currently provides access to 250,000 properties for sale or rent across the UK and overseas, serving over 1,300,000 listings views in January 2009 alone. There is no sign up fee and agents listing their properties on the site pay on a cost per lead basis only.

After becoming established as the leading overseas property portal, PropertyIndex.com launched into the UK residential sales and letting arena in September 2008.

The portal also acts as an information centre, providing a one-stop solution for consumers looking to buy, sell, rent or let their home anywhere in the world.
